

Abenezer Dehene Ashenafi

Full Stack Developer
(Mostly Backend)

Profile

Experienced Full-Stack Developer with 3+ years of hands-on experience building production-grade mobile and web applications. Skilled in both backend systems (Node.js, NestJS, Django) and Flutter mobile development. Proven ability to build secure, scalable REST APIs and beautiful, responsive UIs. Passionate about clean architecture, real-time communication, and solving tough technical challenges.
